

Long Stay Programme

2009

Programme Highlights

Clubclass offer a comprehensive and flexible range of long stay programmes designed for students to significantly improve their proficiency in English. Concentrating on developing the important skills of reading, writing, listening and speaking, over a period of time, the programmes give participants a sound foundation for further academic study or entry into the field of employment where English is the language of communication.

Academic Preparation

The study programmes at Clubclass are intensive and provide rigorous preparation for those who want to study abroad or to develop a career which requires English language skills. Our Director of Studies will design a comprehensive study plan, taking into consideration the participant's level of English and academic goals, for the duration of their stay at Clubclass. Student's progress is monitored through assisted self study, homework and regular progress tests

Graduating from Clubclass

Upon completion of their programme at Clubclass, participants will be awarded a Clubclass Diploma of Achievement stating their level of proficiency. This certificate, together with the student's final progress report, can be presented to future employers or educational institutions as proof of the student's English ability. Participants can also be given assistance in choosing and applying for entry into a university of their choice.

Long Stay Programme

This is the most flexible programme offered by Clubclass because students can join for a minimum duration of 5 weeks and can start on any Monday throughout the year. Long-stay terms and conditions and seasonal supplements can be applied to all courses offered at Clubclass, and students can upgrade from one course to another during their stay.
